
Chances of this paper being recycled? 73%

Last year we – or rather you – recycled 73%* of our newspapers and magazines. That's an increase of 45% since 2002, and an increase of more than 16% in the past 12 months alone.

This puts Ireland among the very best in Europe when it comes to recycling newsprint – a massive improvement and a success story we can all be proud of.

So keep reading, keep recycling – and thank you.
